CROWN PRINCE OF SIAM

Chowfa Maha Vajiravudh to Visit the University—Reception Being Arranged

President Harper Receives an Acceptance of His Invitation to the Prince

Chowfa Maha Vajiravudh, the crown prince of Siam, heir to the Siamese throne, is to visit the University. President Harper today received an acceptance to his letter of some days ago, inviting the Prince to visit the Campus during his stay in Chicago. He will be the University's guest on Thursday, November 6th.

No arrangements have as yet been made concerning the manner of entertaining the Prince, but Dr. Shepardson today stated that he would be shown around the University and would probably be entertained at luncheon and at a reception in the evening.

The Senior College Council will probably take action on the matter also, and prepare some fitting student demonstration in his honor.

Prince Chowfa Maha Vajiravudh has been traveling in the United States for some time, and seems greatly impressed with the enterprise of the American people.

President Roosevelt has been entertaining him for the last few days, and yesterday he was the guest at dinner of the President, and of several other men of note, among whom was Charles W. Needham, the president of Columbian University.

This visit of the Prince is in accordance with President Harper's idea of bringing the best known men in the world into closer acquaintance with the University.

RUSSIAN NOBLES VISIT UNIVERSITY

Dr. Shepardson Shows Distinguished Guests About Campus

Two Russian noblemen of note were escorted by Dr. Shepardson yesterday afternoon about the campus. The visitors were Baron de Schlippenbach, the imperial Russian counsel at Chicago, and Lieutenant Colonel Paspopoff, military attache of Russia at Washington. Both the noblemen seemed very much interested in the points of interest at the University. Colonel Paspopoff is a well-known Russian military man.

GLEE CLUB TRIP DISCUSSED

Student Board of Control Considers Plans Which Will Make a Tour Possible

At 3 o'clock this afternoon the Student Board of Control meet to consider plans which will make possible a mid-season trip for the musical clubs.

Musical Director Jones presented certain regulations for the approval of the board, which will make a trip possible, demanding from the men only a nominal amount of work.

DIVINITY COUNCILORS CHOSEN

The election of councilors for the Divinity School held in Haskell Hall yesterday resulted as follows:

Vice President, E. O. Neubauer.
Secretary, A. E. Patch.
Chairman of Missions, H. F. Rudd.
Chairman of Public Speaking, H. B. Hazen.

Chairman of Devotions, E. N. Bell.
The tellers were C. M. Dinsmore and John M. Linden.

If you do not receive your paper be sure to leave word at the office or at the subscription table in the corridor of Cobb Hall.

OFFICIALS AGAINST RUSHES

University Administration Opposed to Collisions between Upper and Lower Juniors—Interviewed Today, Dean Vincent Says This Policy Will Be Maintained Unswervingly

As an item of interest, particularly to the freshmen and to that body of undergraduates who call themselves sophomores, a reporter for THE DAILY MAROON today secured a statement of the official attitude in reference to class rushes.

That the University council is opposed to rushes and considers them "relics of barbarism," is generally known among those who have been here during any fall quarter.

In an interview this morning Dean George E. Vincent, of the Junior College, said:

"In view of these rumors as to possible collisions between the upper and lower Juniors, it seems only just to all concerned to restate the attitude of the University toward any such disorder."

"Whatever may have been the value of 'rushing' and 'hazing' in the early days of rural colleges, general public opinion today regards these things as mere rowdyism. Even the slightest encounter is magnified and published broadcast to the serious detriment of a university. The effect upon the inner life of the institution is also demoralized."

"The University of Chicago has set itself unequivocally against anything in the nature of a conflict between student groups. This policy will be carried out unswervingly."

"I am sure that the students will recognize the reasonableness of this position."

FRESHMEN REPLY TO SOPHOMORES

Large Notice Appears Upon the Bulletin Board This Morning

In response to the sophomore hand-bills, which appeared yesterday, the freshmen nailed the following sign on the bulletin-board last night. The notice was torn down shortly before 8:30 this morning:

"Those verdant and unsophisticated freshmen to the most noble and illustrious sophomores (?)."

"We are tired of living; kindly name time and place where you will relieve us of the burden."

It might be noted that the faculty read as they ran. President Harper spoke of rushes at the freshman division meeting. He said the University will not countenance any rowdyism, and will deal severely with any disorderly exhibitions of "class spirit."

CLASS TO ORGANIZE AT ONCE

President Harper Urges that Freshmen Elect Officers Without Delay

At the lower junior division meeting this morning President Harper read a letter from Henry Sulcer, president of the Junior College Council, urging the freshmen to hold a meeting for the purpose of organizing the class of '06.

President Harper appointed Mr. Sulcer temporary chairman for the meeting tomorrow morning at 10:30 in Kent Theater. This meeting is held for the purpose of organizing the class. All freshmen are urgently requested to make it a point to be present.

The Cap and Gown

There are a few copies of "The 1902 Cap and Gown" on sale at the book store for those who want to obtain a copy of the University Annual. The attention of new students is called to this notice, for they will find much to interest them in the book.

HEATING CAPACITY DOUBLED

Twenty 125-Horse-Power Boilers Will Be Installed in the Power Plant by January 1—New System Designed by Mr. Rockefeller's Engineer—Differs From All Systems Now in Vogue

January 1 the University will have a complete heating plant of enormous capacity. Already ten, of the twenty 125-horse-power boilers are in operation, requiring from twenty to thirty tons of coal daily.

Enclosed in a brick structure 325 feet in length and 42 feet wide, three heavy engines, aggregating 850-horse-power, form the basis of a complex heating system. By this the old buildings and those in process of construction, as well as all future buildings, will be heated.

The most impressive sight which meets the eye as one enters the plant is a massive 25-ton crane, which runs the length of the building and is used in setting up the boilers and engines.

The design of the heating plant is quite new. It is the idea of Mr. Houghton, Mr. Rockefeller's engineer, and differs from all systems heretofore installed in the country.

WISCONSIN MEDICS GO HOME

Free Transportation Induces Badger Voters to Leave Rush

Many of the Rush medics on the West Side are going home to vote. Their presence is made so important by the exigencies of the political campaign, that free transportation will be furnished them in order that they may cast their votes in the ballot boxes of their native towns.

A large number of men leave today for various points in Wisconsin, where the state issues are hotly contested. Many of the men wear "Roses" conspicuously in their coat lapels.

Medics who vote here in Chicago, registered yesterday at their respective places of registration on the West Side.

FRESHMEN SPEAKERS ORGANIZE

The Debators Will Meet on October 21 and Form Club

The freshmen are to have a debating club. All spellbinders of '06 are urged to meet in Cobb lecture-room on Tuesday 10:30 A.M., October 21, for the purpose of taking the preliminary steps leading toward the formation of the club.

The freshmen class last fall, early in its career, organized a club which held instructive debates throughout the year.

HOLD THEIR FIRST MEETING

Sophomore Debators Met Last Night

The Sophomore Debating Club held its first regular meeting last night. The subject for debate was "Resolved, That in their present strike the coal miners are right." The affirmative was upheld by Messrs. Head and French, and the negative by Messrs. Moorehead and Cummings. A decision was rendered in favor of the negative.

Election of officers followed. Paul A. Walker was re-elected president by acclamation. As vice-president, Miss Frieda I. Meyer was elected; secretary, Miss Elizabeth McFarland; treasurer, Eugene Kline; fifth member executive committee, George O. Fairweather.

The club reiterates its cordial invitation to all sophomores to attend the meetings.

Harry J. Raymond, Jr., will be in the city in a day or two.

NOW FOR NORTHWESTERN

Catlin Hurt in Practice, but May Play Saturday—Roby to Help Coach

Class Football Teams are Preparing for Annual Game

There will be no game this afternoon. All efforts are being bent toward getting things in shape for the Northwestern game. Yesterday in the practice the scrubs were lined up against the Varsity which scored twice. In order to strengthen the second team and to afford better practice several of the Varsity men were shifted to the other side of the line. Speik played right half-back on the scrubs in order to improve his speed, Ivison taking his place at left end. Catlin played full on the second team, Jones, the Canadian, being placed at right end on the Varsity. Buckley was the scrub center, and Koehler was opposite Farr, Terry taking his place. The Varsity back-field was all freshmen, Bezdek, Wightman, and Schnur. Wightman is now in good condition and will probably be used Saturday. Perkins is not in the best of condition, but will be on hand.

In the practice yesterday we had the first piece of hard luck of the season. Catlin, the star freshman player, had his ankle twisted in a scrimmage. It is not very serious, but an injury of this kind is always annoying and takes time to recover from. He will be out for practice this afternoon but will be kept out of the scrimmages until the end of the week. It is hoped he will be able to play Saturday.

Captain Sheldon was not out for practice yesterday. He was busy at the polls as a registration clerk.

"Chuck" Roby, captain of the '96 team is going to help coach the team during the rest of the week. He was out yesterday and was very much pleased with the material on hand.

The windows of Hitchcock Hall should not be used as boxes to see the games. This is certainly not showing loyalty to the University. From the windows it is impossible to help in the cheering, and also to help the athletic association financially.

For the rooting in the Northwestern game it has been suggested that bodies form on the campus and march over to the field together. This would make it sure that the rooters would be together. Last Saturday they were scattered too much for the most effective work.

It is the experience of the cheer leaders that when the men take the girls to the games that they will not root. There are whole sections in the bleachers which are filled with couples, and it is almost impossible to get them to cheer. This should not be the case. Every Chicago man, if not woman, should help the Maroon win. This difficulty might be obviated if every loyal Chicago woman would insist on her escort rooting. If this cannot be done, it would be better for the University if the women would segregate themselves from the men and give their musical cheer, thus at the same time allowing the men to root. If the girls could go in a crowd and give the new musical cheer it might be very effective in helping to win the game. This cheer has as yet not been heard on the field.

Candidates for the sophomore team held their first meeting yesterday [Continued on page 3]

"What will I do for you,
Freshmen, my Freshmen?
What is there I will not do,
Freshmen, my own?"

But what can the freshmen do for their Alma Mater? They can advance and help her; they can almost ruin her. But, do you say, what can we do?

How the Freshmen May Do Things Did you come here alone, almost friendless? Did you find another freshman like you and shake hands? Good, you worked for Chicago. Are you ambitious for some activity? There are many waiting for your support, and if we can catalogue a few, among which you find something of interest to you, we will feel we have done our little for the U. of C.

To know more of the goods we catalogue every freshman should go to the book store and buy a *Cap and Gown*. That is the college annual, and is indispensable to every Freshman.

Have you a voice that you are willing to use for our Varsity? Then, no matter what its range or power, you can help. Have you a season football ticket? If not, get one, and carry your voice to the game, and "show our brave opponents how Chicago goes."

You can yell? The Glee Club trials never come on Sundays. If you have not been to the first trials go now. The Glee Club or choir can always use a good voice. Not that kind of a voice? Then turn out for the debating teams—give your selection at the Junior College finals. Or perhaps you prefer to use it on the Dramatic Club. You will soon have the opportunity.

You can not stand up and use your voice before people, but you have "music in your soul?" There is the Mandolin Club, the Banjo Club, the orchestra and the band, who are looking for you. Do not disappoint them.

Are you interested in active Chris-

tian work? You are being earnestly sought after by the association, the league, the Volunteer band and the Settlement workers. Let them know you are here to help and save their searching.

Do you write things? And you did not let it be known before? Why, you are wanted on the DAILY, the MONTHLY, the *Cap and Gown*.

Did you say "only" interested in study, in research work? How much that "only" covers! You have before you the scholarships and the fellowships. The ability to make our U. of C. known as the institution of the country for original work, for the largest number high-ranking Phi Beta Kappas, and the highest standards of scholarship.

No, I did not forget that the athletes who don't play football should be out training for the track and baseball teams. But that was unnecessary, for you know that every man who could possibly "do" anything is out finding himself and his work.

"What will you do for me,
Freshmen, my Freshmen?"

The annual game with Northwestern, which comes off next Saturday, Annual Game will be not only a football contest, but it will be an important trial of strength in the comparative exhibition of college spirit.

To Northwestern this is going to be one of the great athletic events of the year, and the students there are making appropriate preparation. We must not be behind. Northwestern will send over a large body of organized rooters, and it will be the duty of the Chicago spectators on the bleachers to outdo them by loyal support of the team which defends the home goal.

It isn't a question of our not having more rooters on the field than Northwestern; it isn't a question of yells or songs. We shall probably be represented by a larger crowd than our opponents, and while our voices may not be highly cultivated, they are pretty good to make a noise with. But the effectiveness of our rooting will be greatly diminished unless we have a superior organization to the Northwestern vocal adherents.

Those who intend to root should agree to occupy some certain part of the bleachers and this agreement should not be carried out by only a few stout hearts as has sometimes been the case but by every able-bodied member of the institution. It should be the duty of every fraternity, society or student organization of any kind, to enter enthusiastically into the spirit of organization and to put aside, for a worthier cause, any tendency toward aloofness. Our cheers if scattered through half-a-dozen sections of the bleachers may be well meant but they will not carry nearly so much consternation to the other side as they will if massed at one point.

Remember that the Northwestern rooters will come over together on the same train and will stick together during the game. If we want to outclass them in every respect, as we deserve to, we must stick together, too.

The Northwestern: Professor Martin Schuetze, now of the University of Chicago and formerly of the Northwestern faculty, is soon to publish a volume of translations of the poems of Maurice Maeterlinck.

GARGOYLES

GUESSING CONTEST.

THE DAILY MAROON offers prizes every day for the persons who guess the nearest to what will be the *piece de resistance* on the luncheon bill-of-fare at the University Cafe for the next day.

Rules:

(1) Guesses must be submitted before 4 P. M. of the day preceding that for which the guess is made.

(2) Cooks, waiters, and everyone connected with the cafe, are barred from this contest.

(3) The contest will be governed by the rules of the Amateur Athletic Association.

(4) "Creamed chicken" for lunch on Monday will not be considered a guess—it is a sure thing.

(5) Prizes will be distributed as follows:

To the person making the best guess, one free lunch at the cafe.

To the person making the second best guess, one ornamental beer-check bearing the arms and seal of Hannah & Hogg.

To the person making the third best guess, one hand-made pretzel, exquisitely fluted and chased.

I enclose a joke which Baers on the coal strike. I hope that you will find room for it.

MALCOLM GERVAIS DE ST. TREVOR.

We are unable to use your joke at present, ourselves, but have forwarded it by express to B. L. T. of the Chicago Tribune. Anything on the coal Baers will probably please him.

NEWS FROM THE UNIVERSITIES

The Daily Palo Alto: It is a noticeable fact that divines are being succeeded by specialists along certain lines of knowledge as presidents of American universities, and that the general tendency is for colleges to be non-sectarian. Following is a partial list of college presidents and their specialties: Hadley, of Yale, James, of Northwestern, and Wilson, of Princeton, political economists: Eliot, of Harvard, and Remsen, of Johns Hopkins, chemists: Schurman, of Cornell, and Butler, of Columbia, philosophers: Jordan, of Stanford, zoologist: Angell, of Michigan, a lit-

NEW RULE FOR DEBATING

In Preliminaries for Selecting Michigan Team Debaters Will Have More Time

A change in rules governing the preliminaries for selecting the debating team has been made. Speakers in the preliminary and semi-final trials for the Michigan debate will be given eight minutes for opening and three minutes for rebuttal instead of five minutes for opening and three for rebuttal, as is stated in the old rules.

Mr. Chandler, the coach for the team, said today: "Candidates are reminded that the first trial, October 30, is now only two weeks distant and the work of preparation cannot be begun any too soon. A full file of references and a table for the use of them are reserved in the general library."

A Sigma Phi pin was lost at the game Saturday. The finder is requested to leave the pin at the Information Office.
