CHICAGO, THURSDAY, OCTOBER 2, 1902

PRICE THREE CENTS

## MANY NEW BUILDINGS

Nine Structures Now Going Up  
Greatly Impress Old and  
New Students

Estimated Cost \$1,715,000 for Our  
New Acquisitions

Buildings, in every stage of construction, walling in the campus, surrounding the Quadrangles, forming new courts and adding new groups outside of the "Quad" proper, are today impressing alike old students and newcomers with the unbounded growth which the University is making.

Since the close of the spring quarter, excepting the work on the new "Gym," which, owing to a delay in the steel shipments, was abandoned until recently, a steady growth in the construction of all of the buildings has been going on. Two, the University Press building and the Charles Hitchcock Hall, are ready for occupancy.

The Press building, situated on Ellis avenue and Fifty-eighth street, while serving the purpose for which it was originally intended, is the temporary home of the Law School and the Library.

Hitchcock Hall, our other acquisition with the "ready" stamp upon it, joins Snell Hall on the north and extends east along Fifty-seventh street, thus forming, with Snell, a spacious court. This new men's dormitory is a perfect type of a student's home. A memorial library, a club-room, a breakfast-room and a hospital are features of Hitchcock quite distinct from the majority of college dormitories.

On either side of Lexington avenue, at Fifty-seventh street, are the groups of buildings whose completion are awaited with especial eagerness by university people. The Bartlett Gymnasium, whose walls are now rising on the east side of Marshall Field, will be completed by Feb. 1. Within the "Gym's" gothic vastness will be found three floors containing perfect facilities for athletic and gymnastic training.

Across the street from the "Gym" is the Club-House group, including the Commons, the Tower, the clubhouse for men, and Mandel Assembly Hall. Already nearly enclosed, these structures will be completed by April 1.

Outside of the Quadrangle is found the prospective home for the School of Education, which faces the Midway at Fifty-ninth street and Woodlawn avenue. The University Secondary School, formerly the South Side Academy, and the Chicago Manual Training School will be housed here with all of the arrangements for health and comfort that modern architectural brains can devise. It is hoped that within the coming year the final work on this group of buildings will be completed.

West of the campus and back of the Press is the Power Plant, now undergoing a doubling of its capacity, which completes the list of the University's finished and contemplated acquisitions.

The total estimated cost of the new buildings is \$1,715,000, divided as follows:

Bartlett Gymnasium.....	\$245,000
Group including Commons, Tower, Clubhouse, and Mandel Assembly Hall .....	425,000
School of Education Group.....	390,000
Hitchcock Hall.....	160,000
University Press.....	130,000
Power Plant.....	365,000

The University has also spent a large sum for real estate.

## NEW RUSHING SITUATION

Abolition of Old Pledge Rule Results in  
Keen Competition Among Fraternities  
During Opening Days of Quarter—Some  
in an Agreement not to Pledge

The fraternity rushing season is on and the work and competition among the Greek letter societies is more intense and interesting than ever before.

The principal reason is that this fall the fraternities can pledge men whenever they wish, although they cannot initiate the freshmen until they have been in residence three months and earned three majors of Junior College credit. Last spring the University rescinded the pledge rule, which made the same requirement in reference to pledging.

Under any conditions, at this time of the year, all of the fraternities are rivals. The new rule temporarily intensifies the rivalry.

The situation is further complicated by the fact that three of the fraternities have entered into an agreement not to pledge until the end of the sixth week.

The question of a unanimous agreement was considered at a meeting in which all the fraternities were represented. Some said flatly they were opposed to any restriction, pointing out that in most of the universities the rushing season is over after the first few days of the fall term, thus making it easier to settle down to college work and study earlier in the year.

Others expressed a willingness to sign an agreement if it could be made unanimous. This being impossible, the movement was dropped.

During the summer quarter a majority of the fraternity men were surprised on reading the Weekly to find an announcement by three of the fraternities that they had entered into an agreement.

The men making the agreement said that the University had rescinded the rule with the expectation that the fraternities would go into an agreement. But the members of the eight fraternities say that the University has not indicated such an expectation.

The situation among the girls' secret societies is similar, with the difference that a large majority have entered into an agreement. One club, only, did not deem it wise to join with the others.

## SENIOR COUNCIL ELECTIONS

Arthur G. Thomas is Chosen President,  
Lauretta Octigan, Secretary—Junior  
Council Elects Temporary Chairman,  
Henry D. Sulcer—Election of Perma-  
nent Officers Tuesday Morning

The Senior College Council met this morning in Cobb Lecture Hall. The object of the meeting was the election of a president and secretary for the fall quarter.

Arthur G. Thomas was elected president on the first ballot, and Miss Lauretta Octigan was elected secretary.

The Council also decided to select a temporary leader for the "rooters" at the game with Knox Saturday. Allen Burns, the popular leader of last year, was selected.

The business meetings of the Council will be held each Monday of the quarter.

The newly elected Junior College councilors met with the president yesterday at 2 o'clock. After outlining the duties and purposes of the Council, Dr. Harper appointed Mr. Sulcer temporary chairman, and a meeting was called for next Tuesday at 10:30 A. M. to elect permanent officers.

## GOLF TOURNEY WITH MICHIGAN

Varsity Team to be Picked for Contests  
on the Links—Stagg Will Choose Men  
—Students and Faculty to Hold Trials  
Next Week

Arrangements have been completed by Mr. Stagg for a golf tournament with Michigan. Two matches will be played, according to the agreement—one at Ann Arbor on October 24 and 25, and the other here on the Jackson Park links some time in May.

No two western colleges have ever met on the links before, and the Michigan-Chicago contest will be an innovation in western college circles.

Faculty members as well as students will be allowed to compete for the teams, and in this way the quality of the play will no doubt be bettered as some of the "profs" are great devotees of the game.

For Chicago Mr. Stagg will head the team. The other probable candidates are Wayland Magee, the "runner-up" in the last summer tournament; Pettit, a prominent player of the Milwaukee golf club; Ashley Dixon of the Homewood club, C. R. Howe a local enthusiast, and Veblen of the faculty.

The material is exceptionally good for a college team, and the men ought to make a good showing. Practice and competition for places will begin next week.

## CROSS COUNTY RUN THIS FALL

Negotiations for a Race Between the Two  
Best Teams in the West

An effort is being made by our athletic authorities to secure a cross country run with our old rival, Michigan.

Mr. Butterworth has been negotiating with the U. of M. officials for several weeks and if an agreement is made the two best long distance teams in the West will come together.

Our freshman material together with our old stars ought to form a strong nucleus for a winning team. Of the old men we have Henry, Kalamatano, and Warner back. Hall, the holder of the western record for the two mile, is in college and will compete. Gale, the old Illinois miler, who attended school last year but was ineligible on account of the "residence" rules, will try for the team. Bliss, a former U. of C. star, returns after a year's absence. It is said that Carpenter, Wisconsin's best long distance man last season, will make a try but the cardinal athlete has not as yet reported to Mr. Stagg.

Though Michigan has a fine assortment of milers and two-milers, including Kellogg, Hall, and Perry, Chicago looks better, at least on paper.

Popular Faculty "Rooter" Returned

Dr. O. W. Thatcher has returned from his studies in Europe, and will again be with us with all his former enthusiasm and good cheer. Mr. Thatcher has been studying in the libraries of the Pope in the Vatican at Rome for the past year, and reports a profitable and most enjoyable trip. Dr. Thatcher has always been an ardent supporter of our athletic teams, and his presence with us again this year is as a harbinger of good luck. It is said that he has never followed up a Chicago team which has not won out in the end.

## Reporters' Meeting Tomorrow

Students desiring to become reporters for THE DAILY MAROON will meet at the Maroon office in the Press building tomorrow at 3:00 o'clock. Competition open to all.

## SECRET PRACTICE TODAY

Gates to be Closed this Afternoon  
Until 4:30 in Preparation  
for Knox Game

Maroons Roll up a Score of 53 to 0  
Against Fort Sheridan Eleven

Beginning this afternoon there will be secret practice. For the rest of this week, and probably next week also, the gates of Marshall Field will be closed until 4:30. From 4:30 to 5:30 we can all see the team practice and encourage the men. This move is due to the fact that a hard game is expected with Knox on Saturday and a still harder one with Purdue the Saturday following. Last year Knox held us down to a 6 to 0 score, and Director Stagg does not wish to take any chances on our team being defeated Saturday.

\* \* \*

Not since the good old days of '99, when the Maroons took the Northwestern University team into camp by a score of 76-0, has our team rolled up such a big score as it did yesterday against the husky eleven from Fort Sheridan. It is true that the soldiers were very light and entirely outclassed in form, but the large score, in comparison to Northwestern's 16-0 last week, cannot but have a stimulating effect on our spirits.

Our boys scored almost at will, and the size of the score was only a question of the length of play. The game had hardly more than started when Bezdek broke through for a seventy-yard run for goal. The rest of the game was simply a continuation of good gains, marked at frequent intervals by long runs. The Varsity had the ball most of the time and was held for downs but once. The Sheridan team could barely gain their distance in the few opportunities given them to try their plays, and fumbling and off side play lost them the ball so frequently that their time for offensive play was short.

The form of the Maroons showed a decided improvement over that of the earlier part of the season, and after the game was well started the playing took on a snap and speed which proved very effective. At a few times in the game our team was penalized for holding in the line, and frequent fumbling gave the ball to our opponents. While Mr. Stagg says he is not satisfied with the playing of yesterday, the prospects look brighter than last year, and we can well afford to put our confidence in the team.

\* \* \*

One of the alterations of yesterday's line-up from previous line-ups was Speik's trial at half-back. It was not very successful.

Captain Jimmie Sheldon again gave an exhibition of his old-time tactics of clever dodging, and brought forth much applause from the bleachers. Perkins played a good consistent game and carried the ball well. One of the features of the game was Shorty Ellsworth's blocking the ball from the kick-off, after the soldiers had been penalized ten yards for offside in their first attempt. Among the new men Maxwell, the Englewood guard, distinguished himself as a sprinter by a forty-five-yard run to goal in a clear field with two fleet soldiers at his heels. Bezdek repeated his former good work, and gained more ground than any other man on the team. Terry, the South side academy man, who was kept out of the game last year, was given a trial at left tackle and showed up well.

## EDITORIALS

The editors hope that many candidates for the reportorial staff will attend the meeting for "Hustlers" tomorrow afternoon in THE DAILY MAROON Office.

Old students wish to congratulate and give a hearty welcome to all Freshmen those who for the first and Laws time this quarter become students in the University.

We find among the throng of newcomers with us to-day, the Freshman. "Freshman" through long years of college life has become a synonym for all that is embryonic. The U. of C. class of 1906 seems, however, at this early day to come forward with certain fixed tendencies which lead us to believe that it will be of especial worth to its Alma Mater.

The University is prepared to offer opportunities for great growth and development, and in another year these opportunities will be decidedly increased. New forces will enter into our student-life whose powers for good will be unlimited. The limits that are reached will be, to a considerable degree, dependent on the Freshman's grasp of these powers for new life and spirit. Let the Freshmen feel the key position which they occupy as a U. of C. "class," and regulate their actions, with the end in view of adding a definite push and zest to every activity.

Starting their work in the Law School's—temporary—Press-building home, the "Laws" are today first taking their place as a part of the University. The character and aims of the men of this new department and the circumstances under which they come to us make them truly deserving of the hearty welcome extended to them by faculty and students. The majority of the men who yesterday enrolled in the Law School came to Chicago from other colleges and universities. They bring with them a wealth of experience and knowledge of things essentially collegiate. The "Laws" will support our athletic teams loyally and, we hope, develop a greater interest in the successes of future debating teams.

From students, professors and officers of high position in the University, words of commendation come to the editors of THE DAILY MAROON. The start was successful in every way. If the students will now support their publication THE DAILY MAROON will be a fixture among our college activities. It is the intention of the editors to work for the good of the University of Chicago and her students. It is their aim to keep THE DAILY MAROON at a high standard of excellence. That we may do this, loyal support must be given in return.

One of the best means of aiding THE DAILY MAROON is to patronize its advertisers. They are the life of such a publication. Only the best and most substantial Merchants will be permitted to use the columns of THE MAROON. In their stores will be found every need of a college student.

The merchant is always seeking a paying advertising medium. You help the tradesman and you help THE MAROON when you show that the advertisement is noticed. Therefore, when purchasing *always* tell the clerk that you saw the firm's name in THE MAROON. For not only to patronize the advertiser but to let him know why you do so, is of the greatest aid to THE DAILY MAROON.

## GARGOYLETTES

Freshmen! Do you know what "cut" means? If not, get into a class rush.

It must be evident to even the most casual observer that THE MAROON can hardly be called a yellow journal.

Freshmen interested in the study of botany are invited to come over and inspect the heating plant.

Subscriptions to THE DAILY MAROON are payable in hard coal.

## NOTES FROM THE UNIVERSITIES

Brown University has come face to face with the omnipresent coal problem. Fifty out of a necessary 800 tons, for the season, are all that can be obtained, in spite of the fact that the university holds a contract with a large coal firm.

The co-operation of the Omaha Medical College with the University of Nebraska has given the latter institution a well-organized medical department.

First trials for the mandolin and banjo clubs were held at Minnesota and Wisconsin last week.

## COMMUNICATIONS

To the Editor of The Daily Maroon:

We, the undersigned, representing the University of Chicago chapters of Delta Kappa Epsilon, Alpha Delta Phi, and Psi Upsilon, inasmuch as the University has removed all restrictions in regard to pledging men to fraternities, have agreed not to pledge any man before he has entered the University, and not until Tuesday of the fifth week after his entrance. It was desired to make this agreement unanimous among the eleven fraternities represented in the University, but at a meeting at the D. K. E. House, at which representatives from all the fraternities were present, it soon became apparent that no unanimous agreement could be secured. The former University rule required three majors' credit and three months residence for eligibility to a fraternity. The University, while it always deemed some limit wise, removed this restriction, because the time as prescribed interfered with the whole quarter's work, and because it wished the fraternities to come to some agreement among themselves. We three, therefore, have taken the above position

because we deem it for the best interests of the fraternities and men entering the University, as it precludes hasty action and does not interfere with the whole quarter's work.

FRANK MCNAIR,  
For Delta Kappa Epsilon.  
T. BURTON SMITH,  
For Alpha Delta Phi.  
PROCTOR H. HOGELAND,  
For Psi Upsilon.

To the Editor of The Daily Maroon:

We, the undersigned, representing the following women's secret societies of the University of Chicago: The Mortar Board, the Esoteric, the Quadranglers, the Sigma, and the Phi Beta Delta, decided and agreed, at a meeting held in June, 1902, to refrain from pledging or in any way soliciting for membership in the above organizations, any new student, whether graduate, undergraduate, or unclassified, before the first day of the third month after the beginning of the quarter, this being December 1 for the student entering in October; March 1 for the student entering in January; June 1 for the student entering in April, and August 1 for the

student entering in the summer quarter. We desired that all the clubs should enter the compact but at the aforesaid meeting the Wyvern Club expressed their desire to withhold from the agreement and thereby retained for themselves all privileges granted by the removal of the former University rule, which make necessary for pledging to a secret society, three majors' credit and one quarter's residence in the University. This agreement is to hold through the spring quarter, 1903, when further action will be taken.

Signed:

JULIA COBURN HOBBS,  
EDITH RANSDALE SHAFFER,  
For the Mortar Board;  
JANE MUNROE,  
NARCISSA COX,  
For the Esoteric;  
JULIA ISABELLE WEBSTER,  
JANE B. WALKER,  
For the Quadranglers;  
GRACE A. REDDY,  
RACHEL HENTON,  
For the Sigma;  
EDITH J. HARDING,  
EDITH BARNARD,  
For the Phi Beta Delta.

## Punts From the Bleachers

Before yesterday's game the Varsity already had some success. Five games had been played, the first two weeks ago last Saturday. In that game the candidates for the team defeated the North Division High School team 5 to 0. By the next Wednesday the squad showed considerable improvement, and won from Englewood with a score of 37 to 0. On Saturday, September 20, we played our first college game. In this the Maroons rolled up a score of 27, but were scored against by Lombard, for the first time in our history.

\* \* \*

On Wednesday, the 24th, the annual game with Hyde Park took place. Hyde Park seems to be our hoodoo. Last year in a double-header with Hyde Park and Englewood, in which the Chicago squad was divided into two teams as nearly equal as possible, the high school boys from Hyde Park won by the score of 5 to 0. This was the source of a good deal of ridicule for the University, but the defense was set up with good reason that it was a scrub team. This year it looked for awhile as if the boys would repeat the trick, this time on the regular 'Varsity. The score stood 6 to 0, in favor of the University, and the Maroons were within a few yards of a second touchdown when they fumbled and a Hyde Parker picked up the ball and ran the whole length of the field for a touchdown. Before the Maroons had a chance to be on side a goal was kicked, but it was decided that this could not be done. A second trial was made and goal was missed. This saved

### MAJORS and MINORS

Leon Patteson Lewis has been appointed an assistant head of Charles Hitchcock Hall.

Miss Katherine Dudley is in residence this year after two years at Bryn Mawr College.

Miss Meta Lackman has gone to New York to study Domestic Science.

Miss Lillian Danaher will spend the year studying vocal music abroad.

Miss Marjorie Standart will not return to college this fall.

Miss Elsie Booth, who entered college two years ago, has returned this fall.

Miss Edith Shaffer returned to Foster Monday after spending a week with Miss Julia Hobbs.

Miss Mariam Schwarz will spend a few weeks with her sister in New York before returning to Chicago.

Frank Horton, former Maroon half-back, will not return to the 'Varsity this Fall, having entered business with Barnhart Bros. & Spindler.

Dr. Francis W. Shepardson, the president's secretary, is collecting the photographs of the convocation orators, and having them framed in the order of their appearance before us. This will make a celebrated decoration for his office.

Ralph H. C. Catterall, the instructor on the History Faculty, who received his Doctor's degree, *summa cum laude* at the summer quarter convocation, has gone to the Cornell University faculty. J. A. Warren, Ph.D., of Harvard, takes his place.

Nearly 400 delegates to the Chicago convention for celebrating the fiftieth anniversary of the Founding of the Swedish Baptist church in America, visited the University yesterday. At a meeting in Kent Theater, President Harper, Dean Judson, of the University; Dean Mathews, of the Divinity School, and Dean Lagergren and Professor Engren, of the Swedish Baptist Theological Seminary at Morgan Park, made brief addresses of welcome.

### ALUMNI NOTES

Fred Feil, ex '03, is now acting as football coach at the South Side Academy. Feil had charge of the Wabash College eleven last season.

Miss Theodosia Kane's engagement to Jesse P. Van Doozer, a former Northwestern gridiron hero, has been announced.

Miss Grace Eberhardt's engagement to Clarence Herschberger, '99, has been announced.

Henry M. Adkinson, '97, has been appointed superintendent of a mine in Utah.

Plans have been completed for both beautiful and convenient buildings, which are to be permanently located within the Quadrangle east of Haskell.

It is one of Miss Dudley's aims to make women's athletics at the U. of C. as interesting as such activities in any woman's college.

Chicago from a tie. Of course the touchdown was in the nature of a fluke anyway. Last Saturday the squad showed marked improvement and did what was expected of them, by defeating Monmouth 24—0.

\* \* \*

Fred Moloney, the western champion hurdler, has left the football squad. This is a source of regret to his many friends and admirers, as great things were expected of Fred. In the two weeks during which he practiced with the squad he improved greatly, though it could hardly be expected that he could learn the game in such a short time. It was generally thought that when Fred learned the game he would be a star, because of his speed and great pluck. It is, however, a serious undertaking for a new man to attempt to learn the game and make the 'Varsity the same year. Moloney deserves a great deal of praise for trying. After his remarkable four years' record on the track, it showed a good deal of pluck to get out and try with the freshmen. Most men would have rested on their laurels. A bone in his right wrist was broken in the scrimmage last Saturday. His mother happened to be passing through the city. Like Moloney's father, his mother has sympathized with the athlete in his four years of success on the track. When Mrs. Moloney requested that Fred drop football, he could not refuse. She urged the point that Fred had sacrificed enough for his university in athletics. Certainly he has done more than the University could ask.

### ACADEMY NOTES

A course in Art has been added to the regular courses of instruction in the South Side Academy.

The members of the academy class of '02 who are in the University are agitating the revival of the Morgan Park Club. J. Dwight Dickerson, A. G. Bovee and E. D. F. Butterfield are pushing the scheme.

About a dozen of the South Side Academy boys reported for practice yesterday afternoon. Coach Feil gave them some thorough work in snapping the ball and in line formation. He expressed some dissatisfaction on account of the greenness of the men as well as the scarcity. Arrangements are being made for practice games with the U. of C. scrubs. The first game will probably come off on Friday of this week. One of the players, Hultquist, fell in a mix-up and sustained a broken nose.

### CONSTERNATION RIFE AT RUSH

Dean Dodson Issues Notice Forbidding Use of Tobacco—Medics are Worried

#### NOTICE!

Attention is called to the fact that the use of tobacco in any of the buildings is strictly forbidden. This rule will be strictly enforced, and violation of the same will subject the offender to penalty.

DEAN DODSON.

Alas for the good old times at Rush! No longer will Medics be seen in Hull court with pipes in their teeth. No longer can their ambition to be classed as a popular Chicago "smoke-nuisance" be satisfied. No longer will skulls be used as ash trays in the dissecting room, and skeletons will no longer serve as pipe racks.

Little wonder the Medics have so strenuously kicked against incoming "hens;" for it is undoubtedly due to their demoralizing influence that the men of the "skull and cross bones" can no longer worship "Lady Nicotine" within the halls of Rush. Neither will the picturesque spectacle of the Medic class president with a long German pipe between his lips be a daily sight.

### Registration Figures Delayed.

Owing to the confusion and unsettled state of affairs attendant on the gradual settling down into the routine of University work, it is impossible, up to the time of going to press, to obtain accurate returns of the total registration. An official statement can not be made until after the last day for the payment of bills, Saturday, Oct. 4.

The main rush of registration is now over, but the deans are still kept busy by those who have made mistakes in registration and by others who are now putting in a tardy appearance for college work.

### Seventy in the Law School

The registration in the Law School to date is very satisfactory to the Law Faculty. Dean Beale states that fifty students have entered, and that this number will probably increase to sixty or seventy.

### MAY GIVE A THANKSGIVING CONCERT

#### Musical Clubs Aim to Entertain on the Evening After the Wisconsin Game

On Monday morning Director of Music L. B. Jones, President of the Musical Clubs F. G. Smith, and Leaders E. Miller and H. Sulcer, of the Glee, and Mandolin clubs, respectively, held a meeting in the interests of the clubs.

A novelty in the shape of a Thanksgiving concert was considered and will, no doubt, be pushed through. With such an early start the president and leaders hope to secure a hustling business manager who will spare no pains in giving the men of the clubs a good trip.

Though it is rather early to say much about the prospects, they seem brighter than ever. Many of the old men are back and there is an abundance of new material which can quickly be coached into proper form. The Glee Club is to consist of 32 voices, of whom the 20 best are to appear in concerts.

The departmental libraries, largely located in Cobb Hall, have been subjected to an interior rearrangement during the summer months.

## NEW SERIES OF LECTURES IN FRENCH

Members of the Alliance Francaise to Give Weekly Addresses at the Fine Arts Building

The work of the Alliance Francaise, which was carried on so successfully last year, begins today. Two courses are to be given here at the University by M. B. Papot and M. E. Sicard. At the Fine Arts Building, 203 Michigan avenue, there will be several courses offered by other instructors in the Alliance Francaise. M. Ingres announces a series of twelve lectures. These lectures will be given in French at the Fine Arts Building. They are as follows:

1. October 4.—Lecompte de Lisle. 1830 et le second Empire. B. Papot.
2. October 11.—Les Moralistes. Montaigne. E. Sicard.
3. October 18.—Histoire des Théâtres en France. E. Lescat.
4. October 25.—Le Pays Basque. A. Bézat de Bordes.
5. November 1.—Les Gaulois et les Francs. E. Secrart.
6. November 8.—L'Instruction publique en France. M. Ingres.
7. November 15.—Lecompte de Lisle et ses contemporains. B. Papot.
8. November 22.—Les Moralistes. Pascal. E. Sicard.
9. November 29.—Alexandre Dumas Fils. E. Lescat.
10. December 6.—La Triade Romantique. A. Bézat de Bordes.
11. December 13.—La Féodalité. E. Secrart.
12. December 20.—La Langue Française. M. Ingres.

These lectures are to be given at 8 o'clock in the evening and are free to students of the University.

The general library now has its temporary quarters in the new Press Building.
